Winning the championship is the realization of one goal and the start of another. As difficult as reaching that goal is, it's even harder to carry the weight of the #1 plate and defend the title. True champions understand this and dedicate themselves fully to the challenge. At THOR, we match our athletes' determination when it comes to providing the most functional and reliable products for the racing environment.

Every THOR product is the result of the input we receive from our championship level riders, who push the products to their limits in the toughest racing conditions across the globe.

We are proud to support our current and future champions through every step of the process.  
The First, The Forever...
